The chaplains of the Department of Texas do a wonderful job speaking a word of comfort or encouragement, lending a helping hand or, perhaps, just a listening ear. We do not want these acts of kindness to go unnoticed or unrecognized. This program was started by Past Department President, Linda Henry and, at the request of Madam President Susie, I will endeavor to continue this tradition. I will not require monthly or mid-year reports. An end-of-year report will suffice.

Requirements are simple, track all the cards, phone calls, visits and any other act of kindness you perform for your auxiliary or district. Feel free to brag on yourself.

There are no nominations. These awards are judged by what is submitted by the actual Chaplain. Awards will be a citation to one outstanding Auxiliary Chaplain from each division and one Outstanding District Chaplain from the state.

The Sunshine Chairman assists Madam President with cards going out to members who are shut-in, have illness or hospitalization, lost a loved one or who just need cheering up. This year we are asking each auxiliary to send a \$5.00 donation to the Department earmarked for Sunshine postage. This is to defray the cost of stamps. Your participation in this program will help bring comfort, encouragement, or a smile to our members.
